## RoseCase ProSecure For Safety!

**Dustproof. Waterproof.  
Tough. Reliable.  
IP 67 certified and  
extremely durable.**

#### Availability

Standard colour black, RCPS 180 to 350 TR also in orange, RCPS 82 and 180 also in transparent, versions with compartments RCPS 82/2 to 195/2 L only available in transparent.

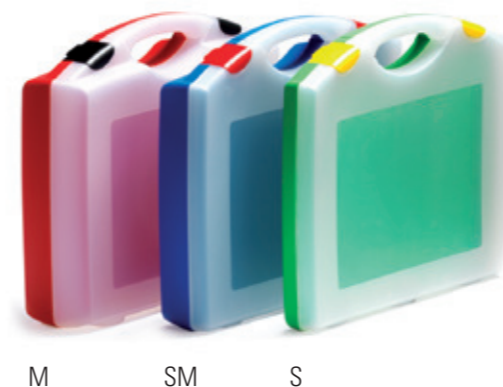

All boxes and cases are certified according to IP67, with the exception of RCPS 350 TR

#### Applications

The RoseCase ProSecure boxes and cases are versatile in applications. Due to the robustness and diversity, they are the ideal transport and protective cases for industrial applications, handicraft and construction work, expedition, concert / stage / backstage, photography equipment, first aid / rescue service, military, marine, aviation as well as outdoor sports such as hunting, fishing, diving and sailing.

### The secret is in the combination!

Identical in construction, the base and lid in various "S", "M" and "L" depths work together to provide any number of colour combinations. A choice of smooth or textured label area, plus optional "soft touch" handle offer optimum possibility for brand identity.

## RoseCase ErgoLine For Style!

**Top functionality, designed to  
promote sales...**

#### Applications

RoseCase ErgoLine is suitable for sample or promotional packaging, and is equally at home as a presentation case or in a sales or advertising role. The ErgoLine range can be adapted perfectly to specific market demands – e.g. diverse interior layouts, logo printing or embossing, individual colours and choice of surface finish.

Size M, L: transparent, black, blue, red, silver-grey  
Closures: transparent, black, blue, red, silver-grey

or in various attractive standard colours

**Small can be quite big!**

A deep base linked to a shallow lid provides best possible utilisation of space. Fit a transparent lid and give the contents of the RCS perfect presentation. With a clever "folding" feature the handle "snaps" down protectively over the closure, giving emphasis to the curved exterior design.

# RoseCase RCS For Practicality!

*The handle with the elegant "snap" function...*

**Applications**

The RoseCase RCS has universal applications – as post despatch pack or perhaps as an archive storage pack. Whether as advertising or promotional packaging for your marketing activities or as inexpensive set or sales packaging with secondary use – RCS is the practical solution every time.

**Product range: RoseCase RCS**

Item ref.	Inner dimensions W x H x D	Outer dimensions W x H x D	Box qty.

**Availability**

transparent, black, blue, red or in various attractive standard colours

**Heavy Duty – blowmoulded double-walls!**

Blowmoulding production technology creates a cushion of air between the double-wall plastic, giving the RCB its' exceptional strength. Robust toggle-clip closures, tremendously strong polyamid hinges and sturdy feet make the RoseCase RCB practically indestructable.

# RoseCase RCB For Strength!

*The extreme case for extreme applications double-wall = double protection.*

**Applications**

The robust construction and case depth make the RoseCase RCB the essential companion for the protection and transportation of very heavy contents, such as machinery, tools or technical components.

**Product range: RoseCase RCB**

Item ref.	Inner dimensions W x H x D	Outer dimensions W x H x D	Box qty.

Available in black subject to certain minimum quantities, please enquire.

### Proven protection in a new light!

180 degree opening closures, "inboard" hinges and special secure stacking points are key functional highlights, which ensure easy, efficient handling. The generous polished label/print area around the case gives ProTec its striking, quality image.

# RoseCase ProTec For Technology!

**Perfect product protection with quality design technology!**

### Applications

RoseCase ProTec is perfect for technical applications such as sales and presentation packaging for high value technical components or tool kits. Diverse interior layouts, logo printing or embossing, plus distinctive colour schemes make it ideally adaptable to specific product needs.

# RoseCassette For Visibility!

**Cassette System with perspective – crystal clear!**

### Powerful option: lightweight and strong

Made from lightweight and impact resistant plastic, the RoseCassette features excellent ergonomic design. The high transparency lid offers optimum visibility to contents. According to the demands of a specific application, the RoseCassette is available with an extremely strong ABS lid or a cost efficient polystyrene version.

Different configuration options with universal thermoformed trays and foam inserts allow versatile application options. The RoseCassette is suitable for sample or promotional packaging, and is equally at home as a presentation case or in a sales or advertising role.

### RoseCassette incl. base pad and variable StorePack modules

STPCR 212/02 Set ...	312 x 212 x 53	326 x 241 x 57	11

*Dimensions in millimeters*

## Interior layout

Various different possibilities are available to cater for specific market and product requirements – for example vacuum formed or foam inserts in a selection of colours. Alternatively standard inserts in plain or convoluted foam are available as stock items.

## Printing and Embossing

In printed form the RoseCase range is a superb advertising vehicle. The smooth print and label area has been carefully prepared to achieve excellent print quality and secure labelling. An embossed logo will achieve maximum brand identity and exclusive product presentation.

## Colours

Our complete range of cases is available in various stock colours. However all items can be supplied in special colours, subject to certain minimum quantities. Choose from our range of standard colours, ask for our colour "swabs". On request we can match your own personal "house" colours – all we need is the colour reference from an established colour guide (HKS, Pantone, RAL, etc.).
